Cybersecurity Fundamentals

Issued by: IBM SkillsBuild

Issued to: Inga Maholwana

Issued on: 5 August 2024

Description: This credential earner demonstrates a foundational understanding of cybersecurity concepts, objectives, and practices. This includes cyber threat groups, types of attacks, social engineering, case studies, overall security strategies, cryptography, and common approaches that organizations take to prevent, detect, and respond to cyber attacks. This also includes an awareness of the job market. Earners can use this knowledge to pursue further education for a variety of roles in cybersecurity.
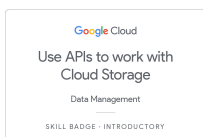

Get Started with Cloud Storage Skill Badge

Issued by: Google Cloud

Issued to: Inga Maholwana

Issued on: 6 September 2024

Description: Complete the Get Started with Cloud Storage skill badge to demonstrate skills in the following: how to create a Cloud Storage bucket, how to use the Cloud Storage command line, and how to use Bucket Lock to protect objects in a bucket.

Use APIs to Work with Cloud Storage Skill Badge

Issued by: Google Cloud

Issued to: Inga Maholwana

Issued on: 10 September 2024

Description: Complete the Use APIs to Work with Cloud Storage skill badge to demonstrate skills in the following: how APIs work in Google, and how to use the Cloud Storage API specifically.
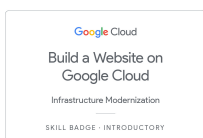

Networking Fundamentals on Google Cloud Skill Badge

Issued by: Google Cloud
Issued to: Inga Maholwana
Issued on: 15 September 2024

Description: Complete the Networking Fundamentals on Google Cloudskill badge to demonstrate skills in the following: work with VPC networks and load balancers on Google Cloud

Build a Website on Google Cloud Skill Badge

Issued by: Google Cloud
Issued to: Inga Maholwana
Issued on: 13 October 2024

Description: Complete the introductory Build a Website on Google Cloud skill badge to demonstrate skills in the following: deploy a website on Cloud Run, Host a web app on Compute Engine, Create, deploy, and scale your website on Google Kubernetes Engine, Migrate from a monolithic application to a microservices architecture.
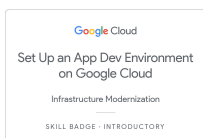

Getting Started with Artificial Intelligence

Issued by: IBM SkillsBuild
Issued to: Inga Maholwana
Issued on: 25 October 2024

Description: This credential earner demonstrates a foundational understanding of Artificial Intelligence concepts and processes, including common applications of AI, and generative AI. The individual has worked with generative AI tools to refine and create prompts.

Set Up an App Dev Environment on Google Cloud Skill Badge

Issued by: Google Cloud
Issued to: Inga Maholwana
Issued on: 26 October 2024

Description: Complete the Set Up an App Dev Environmen on Google Cloud skill badge to demonstrate skills in the following: how to build and connect storage-centric cloud infrastructure using the basic capabilities of the of the following technologies: Cloud Storage, Identity and Access Management, Cloud Functions, and Pub/Sub.
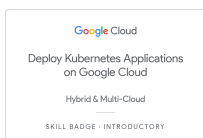

AWS Educate Introduction to Cloud 101 - Training Badge

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 28 October 2024

Description: Earners of this badge have completed the Cloud Computing 101 training and achieved the required scores on the post-course assessment. They have demonstrated the ability to create simple cloud applications in a virtual lab environment. They have shown a fundamental understanding of AWS cloud core services and understand the technical roles required for cloud success.

Deploy Kubernetes Applications on Google Cloud Skill Badge

Issued by: Google Cloud
Issued to: Inga Maholwana
Issued on: 29 October 2024

Description: Complete the Deploy Kubernetes Applications on Google Cloud skill badge to demonstrate skills in the following: configuring and building Docker container images, creating and managing Google Kubernetes Engine (GKE) clusters, utilizing kubectl for efficient cluster management, and deploying Kubernetes applications with robust continuous delivery (CD) practices.

AWS Educate Getting Started with Storage - Training Badge

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 29 October 2024

Description: Earners of this badge have completed the Getting Started with Storage training and achieved the required scores on the post-course assessment. They have demonstrated the ability to describe storage solutions and use Amazon S3 to store and retrieve objects.

AWS Educate Getting Started with Compute - Training Badge

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 30 October 2024

Description: Earners of this badge have completed the Getting Started with Compute training and achieved the required scores on the post-course assessment. They have demonstrated the ability to describe different types of compute and use Amazon EC2 to create a compute instance.

AWS Educate Getting Started with Networking - Training Badge

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 31 October 2024

Description: Earners of this badge have completed the Getting Started with Networking training and achieved the required scores on the post-course assessment. They have demonstrated the ability to describe different ways to manage a network and how to use an Amazon VPC to do so.

AWS Educate Getting Started with Databases - Training Badge

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 1 November 2024

Description: Earners of this badge have completed the Getting Started with Databases training and achieved the required scores on the post-course assessment. They have demonstrated the ability to set up an Amazon Relational Database instance and how to use SQL commands to read and write to the database.

AWS Educate Getting Started with Cloud Ops - Training Badge

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 2 November 2024

Description: Earners of this badge have completed the Getting Started with Cloud Operations training and achieved the required scores on the post-course assessment. They have demonstrated the ability to define the Well-Architected Framework and identify how to use AWS services to manage their AWS Cloud environment.

AWS Educate Getting Started with Security - Training Badge

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 2 November 2024

Description: Earners of this badge have completed the Getting Started with Security training and achieved the required scores on the post-course assessment. They have demonstrated the ability to use AWS Identity and Access Management (AWS IAM) and identify additional AWS security services.

AWS Educate Getting Started with Serverless - Training Badge

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 3 November 2024

Description: Earners of this badge have completed the Getting Started with Serverless training and achieved the required scores on the post-course assessment. They have demonstrated the ability to describe how to configure an AWS Lambda function and identify services like Amazon Simple Queue Service, Amazon Simple Notification Service, and API Gateway to scale data.

AWS Educate Machine Learning Foundations - Training Badge

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 4 November 2024

Description: Earners of this badge have completed the Machine Learning Foundations training and achieved the required scores on the post-course assessment. They have demonstrated the ability to discuss the fundamental concepts of machine learning and how to apply the machine learning pipeline to solve a business problem.

AWS Educate Machine Learning - DeepRacer

Issued by: Amazon Web Services Training and Certification
Issued to: Inga Maholwana
Issued on: 10 November 2024

Description: Earners of this badge have demonstrated a fundamental knowledge about reinforcement learning, and gained the primary experiences with the AWS DeepRacer console. Earners have successfully built and trained their models through AWS DeepRacer service.

Data Fundamentals

Issued by: IBM SkillsBuild
Issued to: Inga Maholwana
Issued on: 8 February 2025

Description: This credential earner demonstrates knowledge of data analytics concepts, methodologies and applications of data science, and the tools and programming languages used in the data ecosystem. The individual has a conceptual understanding of how to clean, refine, and visualize data using IBM Watson Studio. The earner is aware of the job outlook in data and is familiar with the skills required for success in various roles in the domain.
