Google Cybersecurity Professional Certificate V2

Issued by: Coursera

Issued to: Inga Maholwana

Issued on: 1 April 2025

Description: Those who earn the Google Cybersecurity Certificate, developed by Google, have demonstrated their competence in foundational cybersecurity tactics. Through hands-on activities and assessments, graduates develop proficiency in identifying common risks and vulnerabilities and using Python, Linux, SQL, SIEM tools, and Intrusion Detection Systems to mitigate threats, preparing them for entry-level roles in cybersecurity.

FIBAA

Total Credits: 7 **Grade:** Pass

Credit Recommendation:

- 7 semester hours

American Council on Education

Course Number: GOOG-0007 (v.1) **Total Credits:** 9 **Grade:** Pass

Credit Recommendation:

- 3 semester hours in Introduction to Linux in the lower-division undergraduate category
- 3 semester hours in Attacks and Exploits in the lower-division undergraduate category
- 3 semester hours in Security Fundamentals in the lower-division undergraduate category

Google Data Analytics Professional Certificate (v2)

Issued by: Coursera

Issued to: Inga Maholwana

Issued on: 19 June 2025

Description: Those who earn the Google Data Analytics Certificate, developed by Google, have demonstrated their competence in foundational data analysis. Through hands-on activities and assessments, graduates develop proficiency in preparing, processing, analyzing, and sharing data using tools and platforms including spreadsheets, SQL, Tableau, and R, preparing them for introductory-level roles in data analytics.

American Council on Education

Course Number: GOOG-0004 (v.2) **Total Credits:** 12 **Grade:** Pass

Credit Recommendation:

- 3 semester hours in Introduction to Data Analytics in the lower-division undergraduate category
- 3 semester hours in Introduction to Databases in the lower-division undergraduate category
- 3 semester hours in Data Management with Spreadsheets in the lower-division undergraduate category
- 3 semester hours in Introduction to R Programming in the lower-division undergraduate category

FIBAA

Total Credits: 7 **Grade:** Pass

Credit Recommendation:

- 7 semester hours

Google Advanced Data Analytics Certificate

Issued by: Coursera

Issued to: Inga Maholwana

Issued on: 25 June 2025

Description: Those who earn the Google Advanced Data Analytics Certificate, developed by Google, have demonstrated their competence in advanced data analysis techniques. Through hands-on activities and assessments, graduates develop proficiency in exploring large datasets, building models to extract insights, machine learning, and predictive modeling, preparing them for advanced roles in data analytics and entry-level roles in data science.

American Council on Education

Course Number: GOOG-0009 (v.1) **Total Credits:** 9 **Grade:** Pass

Credit Recommendation:

- 6 semester hours in Introduction to Data Science in the lower-division undergraduate category
- 3 semester hours in Introduction to Python in the lower-division undergraduate category

FIBAA

Total Credits: 8 **Grade:** Pass

Credit Recommendation:

- 8 semester hours

Introduction to Cybersecurity

Issued by: Cisco
Issued to: Inga Maholwana
Issued on: 10 November 2024

Description: Cisco verifies the earner of this badge successfully completed the Introduction to Cybersecurity course. The holder of this student-level credential has introductory knowledge of cybersecurity, including the global implications of cyber threats on industries, and why cybersecurity is a growing profession. They understand vulnerabilities and threat detection and defense. They also have insight into opportunities available with pursuing cybersecurity certifications.

Linux Essentials

Issued by: Cisco
Issued to: Inga Maholwana
Issued on: 16 December 2024

Description: Cisco, in collaboration with NDG, verifies that the learner has knowledge of open vs closed source applications, basic hardware concepts, Linux OS components, command line usage, file management, creating/restoring backups, system security, user/group permissions, and simple scripting. Learner has completed 24 prescriptive labs using a real Linux OS on a virtual machine interacting with the Linux operating system and build on their skills and knowledge as they progress through the course.

CompTIA Data+ ce

Issued by: CompTIA
Issued to: Inga Maholwana
Issued on: 13 October 2025
Expires on: 13 October 2028

Description: Earners of the CompTIA Data+ have the knowledge and skills required to drive data-driven decision-making through mining and manipulating data, applying basic statistical methods, and analyzing complex datasets while adhering to governance and quality standards throughout the entire data life cycle.

Google Advanced Data Analytics Certificate & CompTIA Data+ dual credential

Issued by: Coursera
Issued to: Inga Maholwana
Issued on: 13 October 2025

Description: Those who earn the Google Advanced Data Analytics Certificate & CompTIA Data+ dual credential completed the Google Advanced Data Analytics Certificate and passed the CompTIA Data+ exam. They are competent in core data analytics skills, including extracting, cleaning, analyzing, and visualizing data. They can apply statistical concepts, regression modeling, and machine learning using Python libraries (NumPy, pandas, scikit-learn) and present results with visualizations in Python and Tableau.

END OF TRANSCRIPT

FIBAA TRANSCRIPT LEGEND

This transcript contains credentials certified by FIBAA – Foundation for International Business Administration Accreditation. The following policies apply only to FIBAA certified credentials within the transcript. FIBAA certifications support the recognition of prior learning by validating formal learning experiences gained outside European Higher Education Institutions against academic standards in the European Higher Education Area (EHEA), thus supporting learners to apply for and gain recognition of ECTS (European Credit Transfer System) credits when entering an academic programme in Europe.

FIBAA (Foundation for International Business Administration Accreditation) is a European quality assurance agency for higher education and continuing education programmes. Founded in 1994, FIBAA is registered as an accreditation agency in Germany, Austria, Switzerland and further countries in Europe and abroad. In Europe, FIBAA is a member of ENQA (European Association for Quality Assurance in Higher Education) and of CEENQA (Central and Eastern European Network of Quality Assurance) and registered with EQAR (European Quality Assurance Register for Higher Education). On a trans-European level, FIBAA is member of INQAAHE (International Network for Quality Assurance Agencies in Higher Education) and AQAN (ASEAN Quality Assurance Network).

Each FIBAA certification is conducted by a team of experienced university faculty, an expert from professional practice and a qualified student. The panel team assesses the content, scope, and rigor of an organization's educational programme against the standards of the ESG (European Standards and Guidelines), the ECTS Users' Guide and the EQF (European Qualification Framework). The panel team makes appropriate recommendations for comparable ECTS credits and competencies achieved by students. For more information on processes and standards for FIBAA reviews, visit FIBAA: Certification Procedures.

DEFINITIONS

FIBAA Endorsement: Credentials that carry a FIBAA endorsement of recommended ECTS credits are designated by the FIBAA logo in the left margin.

Name: Legal name as entered by the student at the time of transcript request. Because students may complete courses from multiple organizations, each credential also includes the name under which the credential was issued for tracking and verification if necessary.

Issued on: The date when the student completed the associated credential.

Credit Recommendations: Recommendations for credits are designated in ECTS. Each recommendation includes a total number of ECTS credits recommended and an EQF level assignment. Levels for which recommendations are issued include EQF levels 5 (mapping short cycle QF-EHEA), 6 (mapping first cycle QF-EHEA), 7 (mapping second cycle QF-EHEA)) and 8 (mapping third cycle QF-EHEA).

Grade: FIBAA-endorsed credentials are only included on this official transcript if the student achieved a passing grade. FIBAA certification includes a validation of the assessments to be conducted by the learners, ensuring the assessments' appropriateness to reach the learning objectives on the assigned EQF level.

Intended EQF-Level: FIBAA certification includes a validation of the intended EQF level of the course to ensure learning objectives on EQF levels 5-8 (mapping the QF-EHEA levels short cycle, first cycle, second cycle, and third cycle, respectively).

RESOURCES

Additional information on FIBAA-endorsed educational programs, such as learning outcomes, assessment methods, etc. can be found at FIBAA: Certification Procedures.

Inquiries: Please address inquiries to FIBAA – Foundation for Internationale Bsuinsees Administration Accreditation, Berliner Freiheit 20-24, D-53111 Bonn, Email: info@fibaa.org, Phone: +49(0)228-2803560

ACE TRANSCRIPT LEGEND

The ACE Transcript is an official transcript that contains credentials evaluated by the American Council on Education (ACE). The following policies apply only to ACE-endorsed credentials within the transcript. ACE Learning Evaluations connects workplace learning with colleges and universities by assessing the quality and equivalency of nontraditional experiences. ACE's recommendations are intended to guide institutional decisions about the award of credit for prior learning.

ACE Learning Evaluations reviews are conducted by experienced college and university faculty who assess the content, scope, and rigor of an organization's educational program and make appropriate recommendations for comparable college credit and competencies achieved by learners. For more information on processes and standards for ACE reviews, visit https://www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/Colleges-Universities.aspx.

DEFINITIONS

Issued On: The date when the learner completed the associated credential.

Issued For: The learner's legal name as entered by the learner at the time of transcript request.

American Council on Education Endorsement: Credentials that carry an ACE endorsement of recommended college credits or validated competencies published on the ACE National Guide.

Course Number (ACE ID): ACE assigns a unique identifier to ACE-endorsed credentials (e.g., ACE-0001 (v.1)). The letter prefix designates the organization providing the experience. Version number is based on the date that the credential was earned.

Credit Recommendations: Contain academic subject area(s) recommended for credit aligning to a college course. Credit recommendations are designated in semester hour units (SH). Levels at which recommendations are issued include vocational/certificate, lower division (100–200 level courses), upper division (300–400 level courses), and graduate (500+ level courses).

Competencies: These competency statements are from recognized, industry-approved frameworks, and have been validated by the faculty team as outcomes demonstrated by learners who successfully complete the evaluated learning experience. They represent workplace-relevant skills, knowledge, and abilities expected of professionals in corresponding industries.

Grade: ACE-endorsed credentials are only included on this official transcript if the student achieved a passing grade. ACE-endorsed courses and exams meet the following minimum grading requirements: Students must earn a minimum grade of C for vocational/certificate, lower division, and upper division credit and a minimum grade of B for graduate-level credit. The credential provider might also supply the learner's actual grade under Evidence in the Learner's badge. Click on the Credential Title to access the badge issued to the learner.

RESOURCES

Additional information on ACE-endorsed educational programs, such as learning outcomes, assessment methods, etc., can be found in the ACE National Guide at https://www.acenet.edu/national-guide/. Military training and occupations that carry college credit recommendations can be found in the ACE Military Guide at https://www.acenet.edu/Programs-Services/Pages/Credit-Transcripts/military-guide-online.aspx.
